OUR VISION

No woman faces a crisis pregnancy alone
OUR MISSION

Empower, equip and educate women facing crisis pregnancies and their families through counselling, support services, medical care and community involvement so they can choose the best future for themselves and their babies.
Dear Supporters,

Together, we have made 2017 a year of growth for Mother's Heart Organization, and it has been my pleasure to be a part of it. We helped over 200 women, babies, and family members.

Working for 7 years now as Cambodia’s only crisis pregnancy center, I see there is still much work to be done.

Thank you to our faithful donors and partners who sustained us through another year. Thank you to the women we serve for showing us what true perseverance looks like. Thank you to grandma’s raising grandchildren for showing that love is unconditional. And thank you to our staff, who put their hearts into everything they do.

2018 will see MHO grow even more as we open a new office in Battambang province to serve more women in the North West of Cambodia. We are focusing this year on capacity building a board of local members, strengthening client care and services, and building staff capacity as well. Thank you for joining with us.

Thank you for another unbelievable year.

We are grateful for your support, and the faith you put in us: our staff, our partners, and most of all our women and children.

We value the passion that moves you for helping us bring our vision into reality.

And above all, we appreciate you read through our entire annual report.

Here's to another amazing year, we have many challenges ahead and your trust fuels our passion.
